### Roof Curb Drawing

**Example Diagram:**

1. On working drawing below indicate location of drops and label "Supply" or "Return."
2. Provide outside dimension (O.D.).
3. Provide inside dimension (I.D.).
4. Draw Supply and Return in the appropriate location.
5. Provide dimensions between the I.D. and the Supply and Return, and the Supply and Return themselves.
6. Add any other necessary dimensions.
7. Provide manufacturer and model number.

**Working Drawing:**

*All dimensions must be recorded accurately and clearly. Union Curbs is not responsible for contractor errors.*
